

Urban/Rural Lookup Tool

This tool is designed to help school districts, library systems, and individual schools and libraries determine the individual and aggregate urban vs. rural status which could be used in calculating the maximum discount used in a request for funds.

This tool is intended for information purposes only; no data or results from this tool will be submitted to USAC.

Choose the entity type for which you want to determine the rural/urban status

- ☒ School district
- ☐ Library system
- ☐ Individual school
- ☐ Individual library

For an accurate result, include the entity numbers for all the schools in your school district.

- Add charter school entity numbers if those schools are part of the school district
- Remove entity numbers for non-instructional facilities (even those with classrooms), including administration buildings
- For a single school with multiple locations, remove all entity numbers but that of the main school.

Entity Number(s)

Enter one or more entity numbers, separated by commas, to see the individual and aggregate Urban/Rural status.
